ABOUT CHRIS CARTER, Mentalist and Magician

Christopher has long been one of the busiest professional mentalists working. He has performed on 4 continents, in 23 countries. He's appeared at over 3500 college campuses, plus around 1500 performances on cruise ships, theaters, and corporate events.

For many years he was the busiest college campus entertainer in the country. He's been awarded Entertainer of the Year, Best Male Artist, and Performing Arts Entertainer of the year by Campus Activities Magazine. He's also been named Corporate Entertainer of the Year by American Corporate Events Magazine.

In the magic world, he's received the Dunninger award from the Psychic Entertainers Association, and The Milbourne Christopher Award in Mentalism. His lecture for Penguin Magic is one of the highest rated lectures Penguin has produced, and he's the author of a book on mentalism soon to be published by Hermetic Press. He also originated the effect that inspired The Anniversary Waltz.

His mentalism is practical, direct, hard-hitting, and most of all, FUN! CHECK OUT HIS WEBSITE AT: <https://christophercarter.com/media/videos/>

LECTURE TOPICS

Christopher will teach stage mentalism routines that come from his working repertoire. These effects pack small, but play HUGE.

Included will be:

1. MIRACLE: a mental stage illusion with seven people onstage
2. The Tossed out Deck: this is the real work behind one of the classics of mentalism. This has been Christopher's opening routine for thousands of performances, and will include strategies and subtleties that only come from decades of experience.

3. Telepathy in the Parlor: A variation on the Question and Answer routine that can be performed in any environment, from living rooms to large stages.
4. Digital Prediction: The simplest, most practical take on the “Mailed-ahead” prediction you will ever see.
5. Memories: A way to reveal people’s most secret memories without anything ever being written down.
6. Horse Fly: the ultimate version of Pegasus Page.
7. Key-Know Revisited: A uniquely commercial version of Koran’s Medallion that can play in the largest auditorium.
8. Two Sleight of Hand Card Effects: Special effect that Christopher uses when doing walk-around magic on college campuses to help promote his evening show.
9. Crime Solver: A commercial, ten minute routine in which the Mentalist solves an imaginary crime created by an audience member. And the best part – it uses only borrowed objects!
