Nathan has performed and lectured all over the United States, Europe and Asia for the last two decades. He has written SEVEN magic books and created hundreds of magic effects. Nathan has worked as a consultant for Penn and Teller, appeared on the SyFy show "Wizard Wars", as well as the FOX show "Houdini and Doyle".

This is a magic packed lecture with something for everyone.

- THE OPENER COIN ROUTINE

This is a multi phase coin routine that Nathan has been performing for over 25 years. Interactive coin magic at its best.

- MONEYBALL

You pull a quarter out of your pocket and in an instant it visually changes into a Superball or bouncy ball. You can immediately give the ball away as a souvenir.

- SCHRODINGER'S CARD

One of the most visual and fooling card transpositions you'll ever witness. Don't worry, no one is going to kill a cat. But a deck of cards will teleport in the most magical of ways.

- REPETITION

This is the trick that was nominated for trick of the year in 2022. This is a self working and extremely visual and streamlined version of the standard Six Card Repeat with a very cool ending. You'll love it!!!!

-TIP TREY

This is a fun visual Magic moment. A playing card, visually Suspends/levitates for several seconds and finally you reveal that this card that defies gravity is indeed their selected card.

-ORGANIC COPPER SILVER BRASS

Nathan will teach his personal routine with this classic "copper silver brass" gimmick. He will also be offering a beautiful set of coins made by Ted Bogusta. This is a quarter sized CSB.

-STAND UP TRIUMPH

A super visual Triumph effect where the cards magically un-shuffled in a visual way. And the best part is it's all done in your hands.

-THE STONE PURSE

A small leather coin purse is introduced, and the coins are extracted from the purse. After performing your favorite coin routine, you ask the spectator to place the coins back inside the purse. They try, but they fail. Only to realize that the purse has now become a solid ROCK!!!!
